MOVIE TRIVIA

Sienna Miller spent months rehearsing and filming, but in the end, the director decided to cut out all her scenes for "narrative reasons."

In the movie, Leonardo DiCaprio was supposed to slam a table, but accidentally slammed a glass and cut his hand. The scene was so good that the director decided to incorporate it.

Actor Paul Walker died while still shooting the movie. The director used computer technology and stunts to finish the remaining scenes.

The special effects were so expensive that director James Cameron had to wait 10 years to make the movie.

After watching the movie, about fifty children got sick with salmonella from kissing frogs.

This movie only cost \$15,000 to make, but it made \$9.1 million in its first week.
